Profile

A person with a large interest within the design and development of software and games. I like modular programming, and actively search out new information and challenges to improve my skills.
As a colleague I try to let everyone use their strengths, as well as actively seek and give feedback.

Education

Medialogy - Aalborg University, Copenhagen

2022 - 2025

A bachelor centered on Human-Computer Interaction. There I learn methods for designing and developing various software that people will interact with, as well as methods for UX Research.
Skills:

- Unity
- C#
- Interactiondesign
- UX

STX Mat A Fys A - Næstved Gymnasium og HF, Næstved

2019 - 2022

Upper secondary education with Math, Physics, Chinese, Danish & History at A-level.

Projects

Danish Learning App - Gruppe 201 Medialogy, Copenhagen

Feb 2023 - May 2023

My group and I designed and developed an app using Unity with the purpose of helping people form a basic danish vocabulary.
Roles:

- Assistance: Due to my previous experience with the tools and language (Github and Unity, as well as C#), I helped my group with whatever problems were beyond their skills, and taught them how to fix their code.

Skills:

Projects

- Unity & C#: Ensured miscellaneous scripts worked in tangent with each other, and made some modules to lessen the workload on other members.

- GitHub: Set up a GitHub Repository and solved merge conflicts that appeared.

- Art: Made all the illustrations for one of the minigames in the app, as well as various minor illustrations.

Results:
- Grade: 10

- An app that had testers know an average of 82,5% of the words the app taught after 5 days of 5-10 minutes of usage. The app can be found at the following site: https://med201.itch.io/ordhandel

Employment History

Wardrobe Assistant - Chateau Motel, Copenhagen

Aug 2022 - now

For me it was important to learn about the culture in Copenhagen, when I started at Aalborg University.
Tasks:
- Coat and bag-handling.

- Cleaning of wardrobe

Skills:
- English

- Communication

- Quick fixing of problems

Video editor - Post Jam Productions

Jul 2021 - now

I edit videos about game design, idea generation, and other topics for the community "Post Jam Productions".
Skills:
- Video Editing

- Sound Editing

- Design of video elements

Actor - Dragerytterne

Aug 2019 - now

Skills:
- Improvisation

- Acting

Employment History

Serviceworker - Netto, Næstved

Mar 2020 - Oct 2021

Tasks:
- Stocking wares
- Handling the cash register
- Cleaning the store

Skills:
- People skills
- Cleaning

Volunteer work

Board Member - Kaffepletten/The Coffee Spot, Copenhagen

2023 - now

Chairman as of 15th of May, 2023.
Kaffepletten/The Coffee Spot is Aalborg University's student run coffee bar in the Copenhagen Campus. I volunteer there to keep the campus community alive and flourishing, while expanding my network to other students from different studies.

Organizer - Moonlords Rollespilsklub, Næstved

2016 - 2020

Moonlords Rollespilsklub was a LARPing club for children in Næstved. After having been a member of it for many years, I decided to help create an interest in the hobby and arrange events as an organizer, up until the club closed during the Corona Pandemic.
